Sliding Glass

Glass panels slide horizontally on parallel tracks; when opened they stack behind one another at the side of the opening.

- From two to eight panels
- High-strength tempered glass
- 3 cm threshold, or threshold-free with a 1 cm profile
- Glass colours: clear · bronze · smoked · reflective

No. of panels

2 to 8

Threshold

3 cm, or a 1 cm profile

Glass

22 mm double, or 8 mm single with adapter

Sliding Glass — Configurations: Binary · Triple · Quaternary

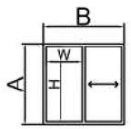

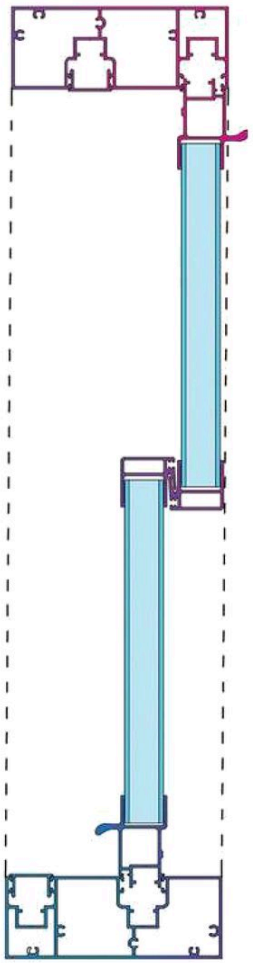

Quaternary system

Triple system

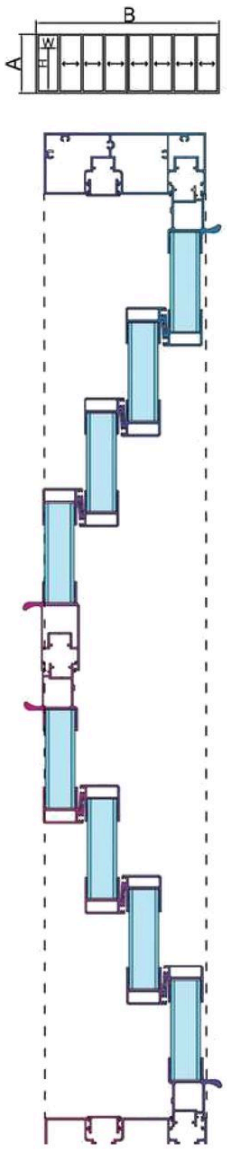

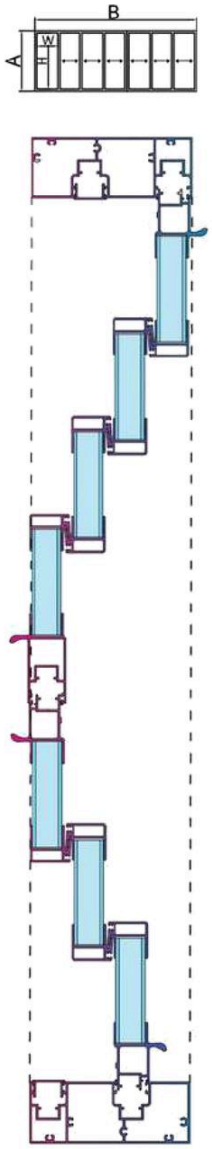

Binary system

- Each drawing: a small facade elevation (A height, B width, W/H panel) and a horizontal section of the panels
- Two systems: with or without threshold. Threshold system: the panels run on a 3 cm threshold. Threshold-free system: the bearings run on 1 cm high floor profiles.
- Glass colours: patterned, bronze, smoked, blue, green, silver, and special reflective options
- Profile colours: matt, gloss, black, white
- High-strength tempered glass for extra safety, easy to clean
